

Sunday 11th October

Norfolk Heritage Park, Sheffield

Location of Venue

Norfolk Heritage Park lies south east of the centre of Sheffield, about 1km from Sheffield Station, but it is an uphill walk. The park has three main entrances: from Granville Road in the north, from Park Grange Road to the west and from Guildford Avenue to the south. This has implications for parking (see below).

How to Get There

The nearest tram stop is Arbouthorne Road. From here it is a 5 minute walk to the Centre in the Park. The No 50 bus leaves the bus station hourly on a Sunday and passes the Granville Road entrance to the park and then goes up City Road. There is a map and further information about the park on the Norfolk Heritage Park website.

The postcode for the Guildford Road park entrance is **S2 2PL**

Parking

The park has one very small car park off Guildford Road. This will be for officials and marshalls on the day **ONLY**. This means that if you arrive by car, you will be parking on the street. As the park has three entrances, this gives some parking flexibility, but allow yourself time to get from your car to the start and please do not obstruct access for residents.

Refreshments

The Centre in the Park has a café, which will be open.

Toilets

The Centre in the Park has toilets. **NO SPIKES INSIDE!!** There will also be portable toilets provided in the car park.

About the courses

The terrain is well-cut parkland grass for the most part. There is one long hill, which starts at around two-thirds distance on most laps. It is taken in ascent on all the courses, steep at the bottom, getting gentler towards the top.

Other Important Information

Norfolk Park gives one of the best views of Sheffield city centre.
