27	16:40	16:55	U12G Shot
28	16:50	17:05	U16G 60m

Those who competed last year will remember that EIS used to charge £5 for event parking at the car park on entry. That has now changed and this communication is to try and ensure that all competitors and spectators understand the new system, and appreciate the parking charges associated with that system.

A new Automatic Number Plate Recognition (ANPR) system is now in place. Visitors can get free parking for 2½ hours by registering their vehicle number plate into the terminals in the reception area (this is only for customers staying up to 2½ hours).

Anyone wanting to remain parked for longer that 2½ hours, must pay for parking by downloading the Evology App and paying that way. Please note they need to do this as soon as they arrive. The following charges apply based on the vehicle's entry time, £5.00 for vehicles entering before 11:00am and £15.00 for vehicles entering after 11:00am.

We understand that anyone not paying for parking, or entering their registration number for 2½ hours of free parking, will be fined £100 (£60 for fast payment).

SYCAA appreciate that this makes parking expensive, and somewhat complicated if you are trying to park without any cost. The system has been introduced by Everyone Active (who operate EIS). SYCAA do not receive anything from the parking revenue earned.
